# Performance review

For the six months ended June 30, 2022, Class I shares of ClearBridge Variable Aggressive Growth Portfolio<sup>1</sup> returned -25.88%. The Portfolio's unmanaged benchmark, the Russell 3000 Growth Index<sup>i</sup>, returned -28.15% for the same period. The Lipper Variable Multi-Cap Core Funds Category Average<sup>ii</sup> returned -20.31% over the same time frame.

## Performance Snapshot as of June 30, 2022 (unaudited)

	6 months
ClearBridge Variable Aggressive Growth Portfolio:	
Class I	-25.88%
Class II	-26.01%
Russell 3000 Growth Index	-28.15%
Lipper Variable Multi-Cap Core Funds Category Average	-20.31%

**The performance shown represents past performance. Past performance is no guarantee of future results and current performance may be higher or lower than the performance shown above. Principal value and investment returns will fluctuate and investors' shares, when redeemed, may be worth more or less than their original cost.**

**All share class returns assume the reinvestment of all distributions, including returns of capital, if any, at net asset value and the deduction of all Portfolio expenses. Performance figures for periods shorter than one year represent cumulative figures and are not annualized.**

**Portfolio performance figures reflect fee waivers and/or expense reimbursements, without which the performance would have been lower.**

## Total Annual Operating Expenses (unaudited)

**As of the Portfolio's current prospectus dated May 1, 2022, the gross total annual fund operating expense ratios for Class I and Class II shares were 0.80% and 1.08%, respectively.**

**Actual expenses may be higher. For example, expenses may be higher than those shown if average net assets decrease. Net assets are more likely to decrease and Portfolio expense ratios are more likely to increase when markets are volatile.**

<sup>1</sup> The Portfolio is an underlying investment option of various variable annuity and variable life insurance products. The Portfolio's performance returns do not reflect the deduction of expenses imposed in connection with investing in variable annuity or variable life insurance contracts, such as administrative fees, account charges and surrender charges, which, if reflected, would reduce the performance of the Portfolio. **Past performance is no guarantee of future results.**

## Performance review (cont'd)

As always, thank you for your confidence in our stewardship of your assets.

Sincerely,

Jane Trust, CFA  
President and Chief Executive Officer

July 29, 2022

***RISKS:** Equity securities are subject to price and market fluctuations. The Portfolio may invest a significant portion of its assets in small- and mid-cap companies, which may be more volatile than investments in large-cap companies. The Portfolio may focus its investments in certain companies, industries or market sectors, increasing its vulnerability to market volatility. Investing in foreign securities is subject to certain risks not associated with domestic investing, such as currency fluctuations and changes in social, political and economic conditions, which could increase volatility. These risks are magnified in emerging markets. Emerging market countries tend to have economic, political and legal systems that are less developed and are less stable than those of more developed countries. Please see the Portfolio's prospectus for a more complete discussion of these and other risks and the Portfolio's investment strategies.*

All investments are subject to risk including the possible loss of principal. Past performance is no guarantee of future results. All index performance reflects no deduction for fees, expenses or taxes. Please note that an investor cannot invest directly in an index.

<sup>i</sup> The Russell 3000 Growth Index measures the performance of the broad growth segment of the U.S. equity universe. It includes those Russell 3000 Index companies with higher price-to-book ratios and higher forecasted growth values. (A price-to-book ratio is the price of a stock compared to the difference between a company's assets and liabilities.) The Russell 3000 Index measures the performance of the 3,000 largest U.S. companies based on total market capitalization, which represents approximately 98% of the U.S. equity market.

<sup>ii</sup> Lipper, Inc., a wholly-owned subsidiary of Refinitiv, provides independent insight on global collective investments. Returns are based on the six-month period ended June 30, 2022, including the reinvestment of all distributions, including returns of capital, if any, calculated among the 103 funds in the Portfolio's Lipper category.

# Portfolio at a glance<sup>†</sup> (unaudited)

† The bar graph above represents the composition of the Portfolio’s investments as of June 30, 2022 and December 31, 2021. The Portfolio is actively managed. As a result, the composition of the Portfolio’s investments is subject to change at any time.

# Portfolio expenses (unaudited)

## Example

As a shareholder of the Portfolio, you may incur two types of costs: (1) transaction costs and (2) ongoing costs, including management fees; service and/or distribution (12b-1) fees; and other Portfolio expenses. This example is intended to help you understand your ongoing costs (in dollars) of investing in the Portfolio and to compare these costs with the ongoing costs of investing in other funds.

This example is based on an investment of \$1,000 invested on January 1, 2022 and held for the six months ended June 30, 2022.

## Actual expenses

The table below titled “Based on actual total return” provides information about actual account values and actual expenses. You may use the information provided in this table, together with the amount you invested, to estimate the expenses that you paid over the period. To estimate the expenses you paid on your account, divide your ending account value by \$1,000 (for example, an \$8,600 ending account value divided by \$1,000 = 8.6), then multiply the result by the number under the heading entitled “Expenses Paid During the Period”.

Based on actual total return <sup>1</sup>					Expenses Paid During the Period <sup>2</sup>
	Actual Total Return <sup>2</sup>	Beginning Account Value	Ending Account Value	Annualized Expense Ratio	
Class I	-25.88%	\$1,000.00	\$741.20	0.84%	\$3.63
Class II	-26.01	1,000.00	739.90	1.09	4.70

## Hypothetical example for comparison purposes

The table below titled “Based on hypothetical total return” provides information about hypothetical account values and hypothetical expenses based on the actual expense ratio and an assumed rate of return of 5.00% per year before expenses, which is not the Portfolio’s actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use the information provided in this table to compare the ongoing costs of investing in the Portfolio and other funds. To do so, compare the 5.00% hypothetical example relating to the Portfolio with the 5.00% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table below are meant to highlight your ongoing costs only and do not reflect any transactional costs. Therefore, the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transaction costs were included, your costs would have been higher.

Based on hypothetical total return <sup>1</sup>					Expenses Paid During the Period <sup>2</sup>
	Hypothetical Annualized Total Return	Beginning Account Value	Ending Account Value	Annualized Expense Ratio	
Class I	5.00%	\$1,000.00	\$1,020.63	0.84%	\$4.21
Class II	5.00	1,000.00	1,019.39	1.09	5.46

- <sup>1</sup> For the six months ended June 30, 2022.
- <sup>2</sup> Assumes the reinvestment of all distributions, including returns of capital, if any, at net asset value. Total return is not annualized, as it may not be representative of the total return for the year. Total returns do not reflect expenses associated with separate accounts such as administrative fees, account charges and surrender charges, which, if reflected, would reduce the total returns. Performance figures may reflect compensating balance arrangements, fee waivers and/or expense reimbursements. In the absence of compensating balance arrangements, fee waivers and/or expense reimbursements, the total return would have been lower. Past performance is no guarantee of future results.
- <sup>3</sup> Expenses (net of compensating balance arrangements, fee waivers and/or expense reimbursements) are equal to each class' respective annualized expense ratio multiplied by the average account value over the period, multiplied by the number of days in the most recent fiscal half-year (181), then divided by 365.

<sup>3</sup> Performance figures may reflect compensating balance arrangements, fee waivers and/or expense reimbursements. In the absence of compensating balance arrangements, fee waivers and/or expense reimbursements, the total return would have been lower. Total returns do not reflect expenses associated with separate accounts such as administrative fees, account charges and surrender charges which, if reflected, would reduce the total return for all periods shown. Past performance is no guarantee of future results. Total returns for periods of less than one year are not annualized.

<sup>4</sup> Annualized.

<sup>5</sup> As a result of an expense limitation arrangement, the ratio of total annual fund operating expenses, other than interest, brokerage, taxes, extraordinary expenses and acquired fund fees and expenses, to average net assets of Class I shares did not exceed 0.90%. This expense limitation arrangement cannot be terminated prior to December 31, 2023 without the Board of Trustees' consent. In addition, the manager has agreed to waive the Portfolio's management fee to an extent sufficient to offset the net management fee payable in connection with any investment in an affiliated money market fund.

<sup>6</sup> Reflects fee waivers and/or expense reimbursements.

<sup>7</sup> Excludes securities delivered as a result of a redemption in-kind.

In the absence of compensating balance arrangements, fee waivers and/or expense reimbursements, the total return would have been lower. Total returns do not reflect expenses associated with separate accounts such as administrative fees, account charges and surrender charges which, if reflected, would reduce the total return for all periods shown. Past performance is no guarantee of future results. Total returns for periods of less than one year are not annualized.

<sup>5</sup> As a result of an expense limitation arrangement, the ratio of total annual fund operating expenses, other than interest, brokerage, taxes, extraordinary expenses and acquired fund fees and expenses, to average net assets of Class II shares did not exceed 1.15%. This expense limitation arrangement cannot be terminated prior to December 31, 2023 without the Board of Trustees' consent. In addition, the manager has agreed to waive the Portfolio's management fee to an extent sufficient to offset the net management fee payable in connection with any investment in an affiliated money market fund.

## 1. Organization and significant accounting policies

ClearBridge Variable Aggressive Growth Portfolio (the "Portfolio") is a separate diversified investment series of Legg Mason Partners Variable Equity Trust (the "Trust"). The Trust, a Maryland statutory trust, is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company.

Shares of the Portfolio may only be purchased or redeemed through variable annuity contracts and variable life insurance policies offered by the separate accounts of participating insurance companies or through eligible pension or other qualified plans.

The following are significant accounting policies consistently followed by the Portfolio and are in conformity with U.S. generally accepted accounting principles ("GAAP"). Estimates and assumptions are required to be made regarding assets, liabilities and changes in net assets resulting from operations when financial statements are prepared. Changes in the economic environment, financial markets and any other parameters used in determining these estimates could cause actual results to differ. Subsequent events have been evaluated through the date the financial statements were issued.

**(a) Investment valuation.** Equity securities for which market quotations are available are valued at the last reported sales price or official closing price on the primary market or exchange on which they trade. The valuations for fixed income securities (which may include, but are not limited to, corporate, government, municipal, mortgage-backed, collateralized mortgage obligations and asset-backed securities) and certain derivative instruments are typically the prices supplied by independent third party pricing services, which may use market prices or broker/dealer quotations or a variety of valuation techniques and methodologies. The independent third party pricing services typically use inputs that are observable such as issuer details, interest rates, yield curves, prepayment speeds, credit risks/spreads, default rates and quoted prices for similar securities. Investments in open-end funds are valued at the closing net asset value per share of each fund on the day of valuation. When the Portfolio holds securities or other assets that are denominated in a foreign currency, the Portfolio will normally use the currency exchange rates as of 4:00 p.m. (Eastern Time). If independent third party pricing services are unable to supply prices for a portfolio investment, or if the prices supplied are deemed by the manager to be unreliable, the market price may be determined by the manager using quotations from one or more broker/dealers or at the transaction price if the security has recently been purchased and no value has yet been obtained from a pricing service or pricing broker. When reliable prices are not readily available, such as when the value of a security has been significantly affected by events after the close of the exchange or market on which the security is principally traded, but before the Portfolio calculates its net asset value, the Portfolio values these securities as determined in accordance with procedures approved by the Portfolio's Board of Trustees.

The Board of Trustees is responsible for the valuation process and has delegated the supervision of the daily valuation process to the Global Fund Valuation Committee (the "Valuation Committee"). The Valuation Committee, pursuant to the policies adopted by the Board of Trustees, is responsible for making fair value determinations, evaluating the effectiveness of the Portfolio's pricing policies, and reporting to the Board of Trustees.

When determining the reliability of third party pricing information for investments owned by the Portfolio, the Valuation Committee, among other things, conducts due diligence reviews of pricing vendors, monitors the daily change in prices and reviews transactions among market participants.

The Valuation Committee will consider pricing methodologies it deems relevant and appropriate when making fair value determinations. Examples of possible methodologies include, but are not limited to, multiple of earnings; discount from market of a similar freely traded security; discounted cash-flow analysis; book value or a multiple thereof; risk premium/yield analysis; yield to maturity; and/or fundamental investment analysis. The Valuation Committee will also consider factors it deems relevant and appropriate in light of the facts and circumstances. Examples of possible factors include, but are not limited to, the type of security; the issuer's financial statements; the purchase price of the security; the discount from market value of unrestricted securities of the same class at the time of purchase; analysts' research and observations from financial institutions; information regarding any transactions or offers with respect to the security; the existence of merger proposals or tender offers affecting the security; the price and extent of public trading in similar securities of the issuer or comparable companies; and the existence of a shelf registration for restricted securities.

For each portfolio security that has been fair valued pursuant to the policies adopted by the Board of Trustees, the fair value price is compared against the last available and next available market quotations. The Valuation Committee reviews the results of such back testing monthly and fair valuation occurrences are reported to the Board of Trustees quarterly.

The Portfolio uses valuation techniques to measure fair value that are consistent with the market approach and/or income approach, depending on the type of security and the particular circumstance. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable securities. The income approach uses valuation techniques to discount estimated future cash flows to present value.

GAAP establishes a disclosure hierarchy that categorizes the inputs to valuation techniques used to value assets and liabilities at measurement date. These inputs are summarized in the three broad levels listed below:

- Level 1 — quoted prices in active markets for identical investments
- Level 2 — other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 — significant unobservable inputs (including the Portfolio's own assumptions in determining the fair value of investments)

The inputs or methodologies used to value securities are not necessarily an indication of the risk associated with investing in those securities.

## Notes to financial statements (unaudited) (cont'd)

The following is a summary of the inputs used in valuing the Portfolio's assets carried at fair value:

<b>ASSETS</b>				
Description	Quoted Prices (Level 1)	Other Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Common Stocks†	\$205,421,168	—	—	\$205,421,168
Short-Term Investments†	2,307,828	—	—	2,307,828
<b>Total Investments</b>	<b>\$207,728,996</b>	<b>—</b>	<b>—</b>	<b>\$207,728,996</b>

† See Schedule of Investments for additional detailed categorizations.

**(b) Foreign investment risks.** The Portfolio's investments in foreign securities may involve risks not present in domestic investments. Since securities may be denominated in foreign currencies, may require settlement in foreign currencies or may pay interest or dividends in foreign currencies, changes in the relationship of these foreign currencies to the U.S. dollar can significantly affect the value of the investments and earnings of the Portfolio. Foreign investments may also subject the Portfolio to foreign government exchange restrictions, expropriation, taxation or other political, social or economic developments, all of which affect the market and/or credit risk of the investments.

**(c) Security transactions and investment income.** Security transactions are accounted for on a trade date basis. Interest income (including interest income from payment-in-kind securities), adjusted for amortization of premium and accretion of discount, is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date for dividends received in cash and/or securities. Foreign dividend income is recorded on the ex-dividend date or as soon as practicable after the Portfolio determines the existence of a dividend declaration after exercising reasonable due diligence. The cost of investments sold is determined by use of the specific identification method. To the extent any issuer defaults or a credit event occurs that impacts the issuer, the Portfolio may halt any additional interest income accruals and consider the realizability of interest accrued up to the date of default or credit event.

**(d) Distributions to shareholders.** Distributions from net investment income and distributions of net realized gains, if any, are declared at least annually. Distributions to shareholders of the Portfolio are recorded on the ex-dividend date and are determined in accordance with income tax regulations, which may differ from GAAP.

**(e) Share class accounting.** Investment income, common expenses and realized/unrealized gains (losses) on investments are allocated to the various classes of the Portfolio on the basis of daily net assets of each class. Fees relating to a specific class are charged directly to that share class.

**(f) Compensating balance arrangements.** The Portfolio has an arrangement with its custodian bank whereby a portion of the custodian's fees is paid indirectly by credits earned on the Portfolio's cash on deposit with the bank.

**(g) Federal and other taxes.** It is the Portfolio's policy to comply with the federal income and excise tax requirements of the Internal Revenue Code of 1986 (the "Code"), as amended, applicable to regulated investment companies. Accordingly, the Portfolio intends to distribute its taxable income and net realized gains, if any, to shareholders in accordance with timing requirements imposed by the Code. Therefore, no federal or state income tax provision is required in the Portfolio's financial statements.

Management has analyzed the Portfolio's tax positions taken on income tax returns for all open tax years and has concluded that as of December 31, 2021, no provision for income tax is required in the Portfolio's financial statements. The Portfolio's federal and state income and federal excise tax returns for tax years for which the applicable statutes of limitations have not expired are subject to examination by the Internal Revenue Service and state departments of revenue.

**(h) Reclassification.** GAAP requires that certain components of net assets be reclassified to reflect permanent differences between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share.

## **2. Investment management agreement and other transactions with affiliates**

Legg Mason Partners Fund Advisor, LLC ("LMPFA") is the Portfolio's investment manager and ClearBridge Investments, LLC ("ClearBridge") is the Portfolio's subadviser. Western Asset Management Company, LLC ("Western Asset") manages the portion of the Portfolio's cash and short-term instruments allocated to it. LMPFA, ClearBridge and Western Asset are indirect, wholly-owned subsidiaries of Franklin Resources, Inc. ("Franklin Resources").

Under the investment management agreement, the Portfolio pays an investment management fee, calculated daily and paid monthly, in accordance with the following breakpoint schedule:

<b>Average Daily Net Assets</b>	<b>Annual Rate</b>
First \$1 billion	0.750%
Next \$1 billion	0.725
Next \$3 billion	0.700
Next \$5 billion	0.675
Over \$10 billion	0.650

LMPFA provides administrative and certain oversight services to the Portfolio. LMPFA delegates to the subadviser the day-to-day portfolio management of the Portfolio, except for the management of the portion of the Portfolio's cash and short-term instruments allocated to Western Asset. For its services, LMPFA pays ClearBridge a fee monthly, at an annual rate equal to 70% of the net management fee it receives from the Portfolio. For Western Asset's services to the Portfolio, LMPFA pays Western Asset monthly 0.02% of the portion of the Portfolio's average daily net assets that are allocated to Western Asset by LMPFA.

As a result of expense limitation arrangements between the Portfolio and LMPFA, the ratio of total annual fund operating expenses, other than interest, brokerage, taxes, extraordinary expenses and acquired fund fees and expenses, to average net assets of Class I and Class II

## Notes to financial statements (unaudited) (cont'd)

shares did not exceed 0.90% and 1.15%, respectively. These expense limitation arrangements cannot be terminated prior to December 31, 2023 without the Board of Trustees' consent. In addition, the manager has agreed to waive the Portfolio's management fee to an extent sufficient to offset the net management fee payable in connection with any investment in an affiliated money market fund (the "affiliated money market fund waiver"). The affiliated money market fund waiver is not subject to the recapture provision discussed below.

During the six months ended June 30, 2022, fees waived and/or expenses reimbursed amounted to \$204, all of which was an affiliated money market fund waiver.

LMPFA is permitted to recapture amounts waived and/or reimbursed to a class during the same fiscal year if the class' total annual fund operating expenses have fallen to a level below the expense limitation ("expense cap") in effect at the time the fees were earned or the expenses incurred. In no case will LMPFA recapture any amount that would result, on any particular business day of the Portfolio, in the class' total annual fund operating expenses exceeding the expense cap or any other lower limit then in effect.

Franklin Distributors, LLC ("Franklin Distributors") serves as the Portfolio's sole and exclusive distributor. Franklin Distributors is an indirect, wholly-owned broker-dealer subsidiary of Franklin Resources.

All officers and one Trustee of the Trust are employees of Franklin Resources or its affiliates and do not receive compensation from the Trust.

### 3. Investments

During the six months ended June 30, 2022, the aggregate cost of purchases and proceeds from sales of investments (excluding short-term investments) were as follows:

Purchases	\$24,526,224
Sales	31,695,979

At June 30, 2022, the aggregate cost of investments and the aggregate gross unrealized appreciation and depreciation of investments for federal income tax purposes were substantially as follows:

	Cost	Gross Unrealized Appreciation	Gross Unrealized Depreciation	Net Unrealized Appreciation
Securities	\$133,074,022	\$108,974,341	\$(34,319,367)	\$74,654,974

### 4. Derivative instruments and hedging activities

During the six months ended June 30, 2022, the Portfolio did not invest in derivative instruments.

### 5. Class specific expenses, waivers and/or expense reimbursements

The Portfolio has adopted a Rule 12b-1 shareholder services and distribution plan and under that plan the Portfolio pays service and/or distribution fees with respect to its Class II

shares calculated at the annual rate of 0.25% of the average daily net assets of the class. Service and/or distribution fees are accrued daily and paid monthly.

For the six months ended June 30, 2022, class specific expenses were as follows:

	Service and/or Distribution Fees	Transfer Agent Fees
Class I	—	\$1,812
Class II	\$172,201	894
<b>Total</b>	<b>\$172,201</b>	<b>\$2,706</b>

For the six months ended June 30, 2022, waivers and/or expense reimbursements by class were as follows:

	Waivers/Expense Reimbursements
Class I	\$ 88
Class II	116
<b>Total</b>	<b>\$204</b>

## 6. Distributions to shareholders by class

## 7. Shares of beneficial interest

At June 30, 2022, the Trust had an unlimited number of shares of beneficial interest authorized with a par value of \$0.00001 per share. The Portfolio has the ability to issue multiple classes of shares. Each class of shares represents an identical interest and has the same rights, except that each class bears certain direct expenses, including those specifically related to the distribution of its shares.

# Notes to financial statements (unaudited) (cont'd)

## 8. Transactions with affiliated company

As defined by the 1940 Act, an affiliated company is one in which the Portfolio owns 5% or more of the outstanding voting securities, or a company which is under common ownership or control with the Portfolio. The following company was considered an affiliated company for all or some portion of the six months ended June 30, 2022. The following transactions were effected in such company for the six months ended June 30, 2022.

	Affiliate Value at December 31, 2021	Purchased		Sold	
		Cost	Shares	Cost	Shares
Western Asset Premier Institutional U.S. Treasury Reserves, Premium Shares	\$420,884	\$4,686,759	4,686,759	\$4,646,077	4,646,077

Western Asset Premier Institutional U.S. Treasury Reserves, Premium Shares	—	\$785		—	\$461,566

## 9. Redemption facility

On February 4, 2022, the Portfolio, together with other U.S. registered and foreign investment funds (collectively, the "Borrowers") managed by Franklin Resources or its affiliates, became a borrower in a joint syndicated senior unsecured credit facility totaling

\$2.675 billion (the “Global Credit Facility”). The Global Credit Facility provides a source of funds to the Borrowers for temporary and emergency purposes, including the ability to meet future unanticipated or unusually large redemption requests. Unless renewed, the Global Credit Facility will terminate on February 3, 2023.

Under the terms of the Global Credit Facility, the Portfolio shall, in addition to interest charged on any borrowings made by the Portfolio and other costs incurred by the Portfolio, pay its share of fees and expenses incurred in connection with the implementation and maintenance of the Global Credit Facility, based upon its relative share of the aggregate net assets of all the Borrowers, including an annual commitment fee of 0.15% based upon the unused portion of the Global Credit Facility. These fees are reflected in the Statement of Operations. The Portfolio did not utilize the Global Credit Facility during the six months ended June 30, 2022.

## **10. Redemptions in-kind**

The Portfolio may make payment for Portfolio shares redeemed wholly or in part by distributing portfolio securities to shareholders. For the six months ended June 30, 2022, the Portfolio had no redemptions in-kind. For the year ended December 31, 2021, the Portfolio had redemptions in-kind with total proceeds in the amount of \$632,436,375. The net realized gain on these redemptions in-kind amounted to \$476,536,679, which was not realized for tax purposes.

## **11. Recent accounting pronouncements**

In June 2022, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2022-03, *Fair Value Measurement (Topic 820) – Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions*. The amendments in the ASU clarify that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and, therefore, should not be considered in measuring fair value. The ASU is effective for interim and annual reporting periods beginning after December 15, 2023, with the option of early adoption. Management is currently evaluating the impact, if any, of applying this ASU.

\*\*\*

In March 2020, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2020-04, *Reference Rate Reform (Topic 848) – Facilitation of the Effects of Reference Rate Reform on Financial Reporting*. In January 2021, the FASB issued ASU No. 2021-01, with further amendments to Topic 848. The amendments in the ASUs provide optional temporary accounting recognition and financial reporting relief from the effect of certain types of contract modifications due to the planned discontinuation of the LIBOR and other interbank-offered based reference rates as of the end of 2021 and 2023. The ASUs are effective for certain reference rate-related contract modifications that occur during the period March 12, 2020 through December 31, 2022. Management has reviewed the requirements and believes the adoption of these ASUs will not have a material impact on the financial statements.

## 12. Other matters

The outbreak of the respiratory illness COVID-19 (commonly referred to as “coronavirus”) has continued to rapidly spread around the world, causing considerable uncertainty for the global economy and financial markets. The ultimate economic fallout from the pandemic, and the long-term impact on economies, markets, industries and individual issuers, are not known. The COVID-19 pandemic could adversely affect the value and liquidity of the Portfolio’s investments, impair the Portfolio’s ability to satisfy redemption requests, and negatively impact the Portfolio’s performance. In addition, the outbreak of COVID-19, and measures taken to mitigate its effects, could result in disruptions to the services provided to the Portfolio by its service providers.

\* \* \*

On February 24, 2022, Russia engaged in military actions in the sovereign territory of Ukraine. The current political and financial uncertainty surrounding Russia and Ukraine may increase market volatility and the economic risk of investing in securities in these countries and may also cause uncertainty for the global economy and broader financial markets. The ultimate fallout and long-term impact from these events are not known. The Portfolio will continue to assess the impact on valuations and liquidity and will take any potential actions needed in accordance with procedures approved by the Board of Trustees.

## Board approval of management and subadvisory agreements (unaudited)

At an in-person meeting of the Board of Trustees of Legg Mason Partners Variable Equity Trust (the “Trust”) held on May 4 and 5, 2022, the Board, including the Trustees who are not considered to be “interested persons” of the Trust (the “Independent Trustees”) under the Investment Company Act of 1940, as amended (the “1940 Act”), approved for an annual period the continuation of the management agreement (the “Management Agreement”) between the Trust and Legg Mason Partners Fund Advisor, LLC (the “Manager”) with respect to ClearBridge Variable Aggressive Growth Portfolio, a series of the Trust (the “Fund”), and the sub-advisory agreement pursuant to which ClearBridge Investments, LLC (“ClearBridge”) provides day-to-day management of the Fund’s portfolio, and the sub-advisory agreement pursuant to which Western Asset Management Company, LLC (“Western Asset” and, together with ClearBridge, the “Sub-Advisers”) provides day-to-day management of the Fund’s cash and short-term instruments allocated to it by the Manager. The management agreement and sub-advisory agreements are collectively referred to as the “Agreements.”

### Background

The Board received extensive information in advance of the meeting to assist it in its consideration of the Agreements and asked questions and requested additional information from management. Throughout the year, the Board (including its various committees) had met with representatives of the Manager and the Subadvisers, and had received information relevant to the renewal of the Agreements. Prior to the meeting, the Independent Trustees met with their independent legal counsel to discuss and consider the information provided and submitted questions to management, and they considered the responses provided. The Board received and considered a variety of information about the Manager and the Subadvisers, as well as the management, advisory and sub-advisory arrangements for the Fund and other funds overseen by the Board, certain portions of which are discussed below. The information received and considered by the Board both in conjunction with the May 2022 meeting and throughout the year was both written and oral. The contractual arrangements discussed below are the product of multiple years of review and negotiation and information received and considered by the Board during those years.

The information provided and presentations made to the Board encompassed the Fund and all other funds overseen by the Board. The discussion below covers both the advisory and the administrative functions being rendered by the Manager, both of which functions are encompassed by the Management Agreement, as well as the advisory functions rendered by the Subadvisers pursuant to the Sub-Advisory Agreements.

### Board approval of management agreement and sub-advisory agreements

The Independent Trustees were advised by separate independent legal counsel throughout the process. Prior to voting, the Independent Trustees received a memorandum from their independent legal counsel discussing the legal standards for their consideration of the

## Board approval of management and subadvisory agreements (unaudited) (cont'd)

proposed continuation of the Agreements. The Independent Trustees also reviewed the proposed continuation of the Management Agreement and the Sub-Advisory Agreements in private sessions with their independent legal counsel at which no representatives of the Manager and Subadvisers were present. The Independent Trustees considered the Management Agreement and each Sub-Advisory Agreement separately in the course of their review. In doing so, they noted the respective roles of the Manager and the Subadvisers in providing services to the Fund.

In approving the Agreements, the Board, including the Independent Trustees, considered a variety of factors, including those factors discussed below. No single factor reviewed by the Board was identified by the Board as the principal factor in determining whether to approve the Management Agreement and the Sub-Advisory Agreements. Each Trustee may have attributed different weight to the various factors in evaluating the Management Agreement and each Sub-Advisory Agreement.

After considering all relevant factors and information, the Board, exercising its business judgment, determined that the continuation of the Agreements was in the best interests of the Fund and its shareholders and approved the continuation of each such agreement for another year.

### **Nature, extent and quality of the services under the management agreement and sub-advisory agreements**

The Board received and considered information regarding the nature, extent and quality of services provided to the Fund by the Manager and the Subadvisers under the Management Agreement and the Sub-Advisory Agreements, respectively, during the past year. The Board noted information received at regular meetings throughout the year related to the services rendered by the Manager in its management of the Fund's affairs and the Manager's role in coordinating the activities of the Fund's other service providers. The Board's evaluation of the services provided by the Manager and the Subadvisers took into account the Board's knowledge gained as Trustees of funds in the fund complex overseen by the Trustees, including knowledge gained regarding the scope and quality of the investment management and other capabilities of the Manager and the Subadvisers, and the quality of the Manager's administrative and other services. The Board observed that the scope of services provided by the Manager and the Subadvisers, and of the undertakings required of the Manager and Subadvisers in connection with those services, including maintaining and monitoring their own and the Fund's compliance programs, liquidity management programs and cybersecurity programs, had expanded over time as a result of regulatory, market and other developments. The Board also noted that on a regular basis it received and reviewed information from the Manager regarding the Fund's compliance policies and procedures established pursuant to Rule 38a-1 under the 1940 Act. The Board also considered the risks associated with the Fund borne by the Manager and its affiliates (such as entrepreneurial,

operational, reputational, litigation and regulatory risk), as well as the Manager's and each Subadviser's risk management processes.

The Board reviewed the qualifications, backgrounds and responsibilities of the Manager's and each Subadviser's senior personnel and the team of investment professionals primarily responsible for the day-to-day portfolio management of the Fund. The Board also considered, based on its knowledge of the Manager and the Manager's affiliates, the financial resources of Franklin Resources, Inc., the parent organization of the Manager and the Subadvisers. The Board recognized the importance of having a fund manager with significant resources.

The Board considered the division of responsibilities among the Manager and the Subadvisers and the oversight provided by the Manager. The Board also considered the policies and practices of the Manager and the Subadvisers regarding the selection of brokers and dealers and the execution of portfolio transactions. The Board considered management's periodic reports to the Board on, among other things, its business plans, any organizational changes and portfolio manager compensation.

*Performance Comparisons.* The Board received and considered performance information for the Fund as well as for a group of funds (the "Performance Universe") selected by Broadridge Financial Solutions, Inc. ("Broadridge"), an independent provider of investment company data, based on classifications provided by Thomson Reuters Lipper ("Lipper"). The Board was provided with a description of the methodology used to determine the similarity of the Fund with the funds included in the Performance Universe. It was noted that while the Board found the Broadridge data generally useful, they recognized its limitations, including that the data may vary depending on the end date selected and that the results of the performance comparisons may vary depending on the selection of the peer group and its composition over time. The Board also noted that it had received and discussed with management information throughout the year at periodic intervals comparing the Fund's performance against its benchmark and against the Fund's peers. The Board also considered the Fund's performance in light of overall financial market conditions.

The information comparing the Fund's performance to that of its Performance Universe, consisting of all funds underlying variable insurance products (including the Fund) classified as multi-cap core funds by Lipper, showed, among other data, that the performance of the Fund's Class I shares for the one-, three-, five- and ten-year periods ended December 31, 2021 was below the median performance of the funds in the Performance Universe for each period. The Board noted the explanations from the Manager and ClearBridge concerning the reasons for the Fund's relative performance versus the peer group for the various periods. The Board also noted that the Fund's performance was ahead of its benchmark for the quarter ended March 31, 2022.

## Board approval of management and subadvisory agreements (unaudited) (cont'd)

The Board concluded that, overall, the nature, extent and quality of services provided (and expected to be provided), including performance, under the Management Agreement and each Sub-Advisory Agreement were sufficient for renewal.

### Management fees and expense ratios

The Board reviewed and considered the contractual management fee payable by the Fund to the Manager (the "Contractual Management Fee") and the actual management fees paid by the Fund to the Manager (the "Actual Management Fee") in light of the nature, extent and quality of the management and sub-advisory services provided by the Manager and the Subadvisers, respectively. The Board also noted that the compensation paid to the Subadvisers is the responsibility and expense of the Manager, not the Fund.

The Board received and considered information provided by Broadridge comparing the Contractual Management Fee and the Actual Management Fee and the Fund's total actual expenses with those of funds in both the relevant expense group and a broader group of funds, each selected by Broadridge based on classifications provided by Lipper. It was noted that while the Board found the Broadridge data generally useful, they recognized its limitations, including that the data may vary depending on the selection of the peer group. The Board also reviewed information regarding fees charged by the Manager and/or the Subadvisers to other U.S. clients investing primarily in an asset class similar to that of the Fund, including, where applicable, institutional separate and commingled accounts and retail managed accounts.

The Manager reviewed with the Board the differences in services provided to these different types of accounts, noting that the Fund is provided with certain administrative services, office facilities, and Fund officers (including the Fund's chief executive, chief financial and chief compliance officers), and that the Manager coordinates and oversees the provision of services to the Fund by other Fund service providers. The Board considered the fee comparisons in light of the differences in management of these different types of accounts, and the differences in the degree of entrepreneurial and other risks borne by the Manager in managing the Fund and in managing other types of accounts.

The Board considered the overall management fee, the fees of each of the Subadvisers and the amount of the management fee retained by the Manager after payment of the subadvisory fees, in each case in light of the services rendered for those amounts. The Board also received an analysis of complex-wide management fees provided by the Manager, which, among other things, set out a framework of fees based on asset classes.

The Board also received and considered information comparing the Fund's Contractual Management Fee and Actual Management Fee as well as its actual total expense ratio with those of a group of 14 multi-cap core funds underlying variable insurance products (including the Fund) selected by Broadridge to be comparable to the Fund (the "Expense

Group”), and a broader group of funds selected by Broadridge consisting of all multi-cap core funds underlying variable insurance products (including the Fund) (the “Expense Universe”). This information showed that the Fund’s Contractual Management Fee was above the median of management fees payable by the funds in the Expense Group and that the Fund’s Actual Management Fee was above the median of management fees paid by the funds in the Expense Group and above the median of management fees paid by the funds in the Expense Universe. This information also showed that the Fund’s actual total expense ratio was above the median of the total expense ratios of the funds in the Expense Group and above the median of the actual total expense ratios of the funds in the Expense Universe. The Board took into account management’s discussion of the Fund’s expenses.

Taking all of the above into consideration, as well as the factors identified below, the Board determined that the management fee and the subadvisory fees for the Fund were reasonable in light of the nature, extent and quality of the services provided to the Fund under the Management Agreement and the Sub-Advisory Agreements.

### **Manager profitability**

The Board received and considered an analysis of the profitability of the Manager and its affiliates in providing services to the Fund. The Board also received profitability information with respect to the Legg Mason Funds complex as a whole. The Board received information with respect to the Manager’s allocation methodologies used in preparing this profitability data. It was noted that the allocation methodologies had been reviewed by an outside consultant. The profitability of the Manager and its affiliates was considered by the Board not excessive in light of the nature, extent and quality of the services provided to the Fund.

### **Economies of scale**

The Board received and discussed information concerning whether the Manager realizes economies of scale with respect to the management of the Fund as the Fund’s assets grow. The Board noted that the Manager had previously agreed to institute breakpoints in the Fund’s Contractual Management Fee, reflecting the potential for reducing the blended rate of the Contractual Management Fee as the Fund grows. The Board considered whether the breakpoint fee structure was a reasonable means of sharing any economies of scale or other efficiencies that might accrue from increases in the Fund’s asset levels. The Board noted that the Fund had not reached the specified asset level at which a breakpoint to its Contractual Management Fee would be triggered. The Board also noted the size of the Fund.

The Board determined that the management fee structure for the Fund, including breakpoints, was reasonable.

## **Other benefits to the Manager and the Subadvisers**

The Board considered other benefits received by the Manager, the Subadvisers and their affiliates as a result of their relationship with the Fund, including the opportunity to offer additional products and services to Fund shareholders, including the recent appointment of an affiliate of the Manager as the transfer agent of the Fund.

In light of the costs of providing investment management and other services to the Fund and the ongoing commitment of the Manager and the Subadvisers to the Fund, the Board considered that the ancillary benefits that the Manager, the Subadvisers and their affiliates received were reasonable.

## Statement regarding liquidity risk management program (unaudited)

Each Fund has adopted and implemented a written Liquidity Risk Management Program (the “LRMP”) as required by Rule 22e-4 under the Investment Company Act of 1940 (the “Liquidity Rule”). The LRMP is designed to assess and manage each Fund’s liquidity risk, which is defined as the risk that the Fund could not meet requests to redeem shares issued by the Fund without significant dilution of remaining investors’ interests in the Fund. In accordance with the Liquidity Rule, the LRMP includes policies and procedures that provide for: (1) assessment, management, and review (no less frequently than annually) of each Fund’s liquidity risk; (2) classification of each Fund’s portfolio holdings into one of four liquidity categories (Highly Liquid, Moderately Liquid, Less Liquid, and Illiquid); (3) for Funds that do not primarily hold assets that are Highly Liquid, establishing and maintaining a minimum percentage of the Fund’s net assets in Highly Liquid investments (called a “Highly Liquid Investment Minimum” or “HLIM”); and (4) prohibiting the Fund’s acquisition of Illiquid investments that would result in the Fund holding more than 15% of its net assets in Illiquid assets. The LRMP also requires reporting to the Securities and Exchange Commission (“SEC”) (on a non-public basis) and to the Board if the Fund’s holdings of Illiquid assets exceed 15% of the Fund’s net assets. Funds with HLIMs must have procedures for addressing HLIM shortfalls, including reporting to the Board and, with respect to HLIM shortfalls lasting more than seven consecutive calendar days, reporting to the SEC (on a non-public basis).

The Director of Liquidity Risk within the Investment Risk Management Group (the “IRMG”) is the appointed Administrator of the LRMP. The IRMG maintains the Investment Liquidity Committee (the “ILC”) to provide oversight and administration of policies and procedures governing liquidity risk management for Franklin Templeton and Legg Mason products and portfolios. The ILC includes representatives from Franklin Templeton’s Risk, Trading, Global Compliance, Legal, Investment Compliance, Investment Operations, Valuation Committee, Product Management and Global Product Strategy.

In assessing and managing each Fund’s liquidity risk, the ILC considers, as relevant, a variety of factors, including the Fund’s investment strategy and the liquidity of its portfolio investments during both normal and reasonably foreseeable stressed conditions; its short and long-term cash flow projections; and its cash holdings and access to other funding sources including the Funds’ interfund lending facility and line of credit. Classification of the Fund’s portfolio holdings in the four liquidity categories is based on the number of days it is reasonably expected to take to convert the investment to cash (for Highly Liquid and Moderately Liquid holdings) or sell or dispose of the investment (for Less Liquid and Illiquid investments), in current market conditions without significantly changing the investment’s market value.

Each Fund primarily holds liquid assets that are defined under the Liquidity Rule as “Highly Liquid Investments,” and therefore is not required to establish an HLIM. Highly Liquid

## Statement regarding liquidity risk management program (unaudited) (cont'd)

Investments are defined as cash and any investment reasonably expected to be convertible to cash in current market conditions in three business days or less without the conversion to cash significantly changing the market value of the investment.

At meetings of the Funds' Board of Trustees/Directors held in May 2022, the Program Administrator provided a written report to the Board addressing the adequacy and effectiveness of the program for the year ended December 31, 2021. The Program Administrator report concluded that (i.) the LRMP, as adopted and implemented, remains reasonably designed to assess and manage each Fund's liquidity risk; (ii.) the LRMP, including the Highly Liquid Investment Minimum ("HLIM") where applicable, was implemented and operated effectively to achieve the goal of assessing and managing each Fund's liquidity risk; and (iii.) each Fund was able to meet requests for redemption without significant dilution of remaining investors' interests in the Fund.

# Legg Mason Funds Privacy and Security Notice

## **Your Privacy and the Security of Your Personal Information is Very Important to the Legg Mason Funds**

This Privacy and Security Notice (the “Privacy Notice”) addresses the Legg Mason Funds’ privacy and data protection practices with respect to nonpublic personal information the Funds receive. The Legg Mason Funds include any funds sold by the Funds’ distributor, Franklin Distributors, LLC, as well as Legg Mason-sponsored closed-end funds. The provisions of this Privacy Notice apply to your information both while you are a shareholder and after you are no longer invested with the Funds.

## **The Type of Nonpublic Personal Information the Funds Collect About You**

The Funds collect and maintain nonpublic personal information about you in connection with your shareholder account. Such information may include, but is not limited to:

- Personal information included on applications or other forms;
- Account balances, transactions, and mutual fund holdings and positions;
- Bank account information, legal documents, and identity verification documentation;
- Online account access user IDs, passwords, security challenge question responses; and
- Information received from consumer reporting agencies regarding credit history and creditworthiness (such as the amount of an individual’s total debt, payment history, etc.).

## **How the Funds Use Nonpublic Personal Information About You**

The Funds do not sell or share your nonpublic personal information with third parties or with affiliates for their marketing purposes, or with other financial institutions or affiliates for joint marketing purposes, unless you have authorized the Funds to do so. The Funds do not disclose any nonpublic personal information about you except as may be required to perform transactions or services you have authorized or as permitted or required by law.

The Funds may disclose information about you to:

- Employees, agents, and affiliates on a “need to know” basis to enable the Funds to conduct ordinary business, or to comply with obligations to government regulators;
- Service providers, including the Funds’ affiliates, who assist the Funds as part of the ordinary course of business (such as printing, mailing services, or processing or servicing your account with us) or otherwise perform services on the Funds’ behalf, including companies that may perform statistical analysis, market research and marketing services solely for the Funds;
- Permit access to transfer, whether in the United States or countries outside of the United States to such Funds’ employees, agents and affiliates and service providers as required to enable the Funds to conduct ordinary business, or to comply with obligations to government regulators;
- The Funds’ representatives such as legal counsel, accountants and auditors to enable the Funds to conduct ordinary business, or to comply with obligations to government regulators;
- Fiduciaries or representatives acting on your behalf, such as an IRA custodian or trustee of a grantor trust.

## Legg Mason Funds Privacy and Security Notice (cont'd)

Except as otherwise permitted by applicable law, companies acting on the Funds' behalf, including those outside the United States, are contractually obligated to keep nonpublic personal information the Funds provide to them confidential and to use the information the Funds share only to provide the services the Funds ask them to perform. The Funds may disclose nonpublic personal information about you when necessary to enforce their rights or protect against fraud, or as permitted or required by applicable law, such as in connection with a law enforcement or regulatory request, subpoena, or similar legal process. In the event of a corporate action or in the event a Fund service provider changes, the Funds may be required to disclose your nonpublic personal information to third parties. While it is the Funds' practice to obtain protections for disclosed information in these types of transactions, the Funds cannot guarantee their privacy policy will remain unchanged.

### **Keeping You Informed of the Funds' Privacy and Security Practices**

The Funds will notify you annually of their privacy policy as required by federal law. While the Funds reserve the right to modify this policy at any time they will notify you promptly if this privacy policy changes.

### **The Funds' Security Practices**

The Funds maintain appropriate physical, electronic and procedural safeguards designed to guard your nonpublic personal information. The Funds' internal data security policies restrict access to your nonpublic personal information to authorized employees, who may use your nonpublic personal information for Fund business purposes only.

Although the Funds strive to protect your nonpublic personal information, they cannot ensure or warrant the security of any information you provide or transmit to them, and you do so at your own risk. In the event of a breach of the confidentiality or security of your nonpublic personal information, the Funds will attempt to notify you as necessary, so you can take appropriate protective steps. If you have consented to the Funds using electronic communications or electronic delivery of statements, they may notify you under such circumstances using the most current email address you have on record with them.

In order for the Funds to provide effective service to you, keeping your account information accurate is very important. If you believe that your account information is incomplete, not accurate or not current, if you have questions about the Funds' privacy practices, or our use of your nonpublic personal information, write the Funds using the contact information on your account statements, email the Funds by clicking on the Contact Us section of the Funds' website at [www.franklintempleton.com](http://www.franklintempleton.com), or contact the Fund at 877-6LM-FUND/656-3863.

dealer, agent, fiduciary, or representative acting by or on behalf of, or for, the account of any other person(s) or household, or a financial advisor, or if you have otherwise provided personal information to us separate from the relationship we have with personal investors, the provisions of this Privacy Policy apply to your personal information (as defined by the CCPA).

- In addition to the provisions of the Legg Mason Funds Security and Privacy Notice, you may have the right to know the categories and specific pieces of personal information we have collected about you.
- You also have the right to request the deletion of the personal information collected or maintained by the Funds.

If you wish to exercise any of the rights you have in respect of your personal information, you should advise the Funds by contacting them as set forth below. The rights noted above are subject to our other legal and regulatory obligations and any exemptions under the CCPA. You may designate an authorized agent to make a rights request on your behalf, subject to the identification process described below. We do not discriminate based on requests for information related to our use of your personal information, and you have the right not to receive discriminatory treatment related to the exercise of your privacy rights.

We may request information from you in order to verify your identity or authority in making such a request. If you have appointed an authorized agent to make a request on your behalf, or you are an authorized agent making such a request (such as a power of attorney or other written permission), this process may include providing a password/passcode, a copy of government issued identification, affidavit or other applicable documentation, i.e. written permission. We may require you to verify your identity directly even when using an authorized agent, unless a power of attorney has been provided. We reserve the right to deny a request submitted by an agent if suitable and appropriate proof is not provided.

For the 12-month period prior to the date of this Privacy Policy, the Legg Mason Funds have not sold any of your personal information; nor do we have any plans to do so in the future.
